

Music & Sound Design

Worked full time in the professional music industry in capacity of;

- music composer
- musical arranger
- drum programmer
- synthesizer sound design/programmer
- music sequencer
- audio sampling technical, digital audio manipulation and editor
- audio mastering technician
- session musician & live performer (touring Canada, 48 states, UK and Europe)
- studio recording engineer
- record producer
- equipment technician

this included work with such established and diverse artists as;

D.O.A., Strange Advance, Nazareth, Randy Bachman, Neil Young, Margo Timmins,
Long John Baldry, Bill Henderson and many, many more.

I have numerous major label record credits and have also done related audio such as sound effects coordination (for cartoons), sound design, dialog editing and music composition for film and television including work for clients like the Vancouver School Board, and Concorde Pacific (1986 Expo site real estate development)

I have been on tour with such acts as: Leslie West, Van Halen, Steppenwolf, Foreigner, Bad Company, Loverboy, Joan Jett & Three Dog Night, Ted Nugent

As a touring musician, I have performed to well over a million people
